

The 
Chambers
 Parlour

The next big thing is here...

A woman in a red dress is suspended in the air, swinging down from a high position. She is surrounded by a dense array of vertical neon light strands that create a shimmering, festive atmosphere. Below her, several men in suits are gathered around a table, looking up at her with interest and anticipation. The scene is set in a dimly lit room with warm, ambient lighting, suggesting a sophisticated and glamorous event.

How it works...

This act can run for up to 1 hour, perfect for pre-dinner drinks or cocktail functions. If a longer duration is required, this can be achieved, please contact our office for a customised package.

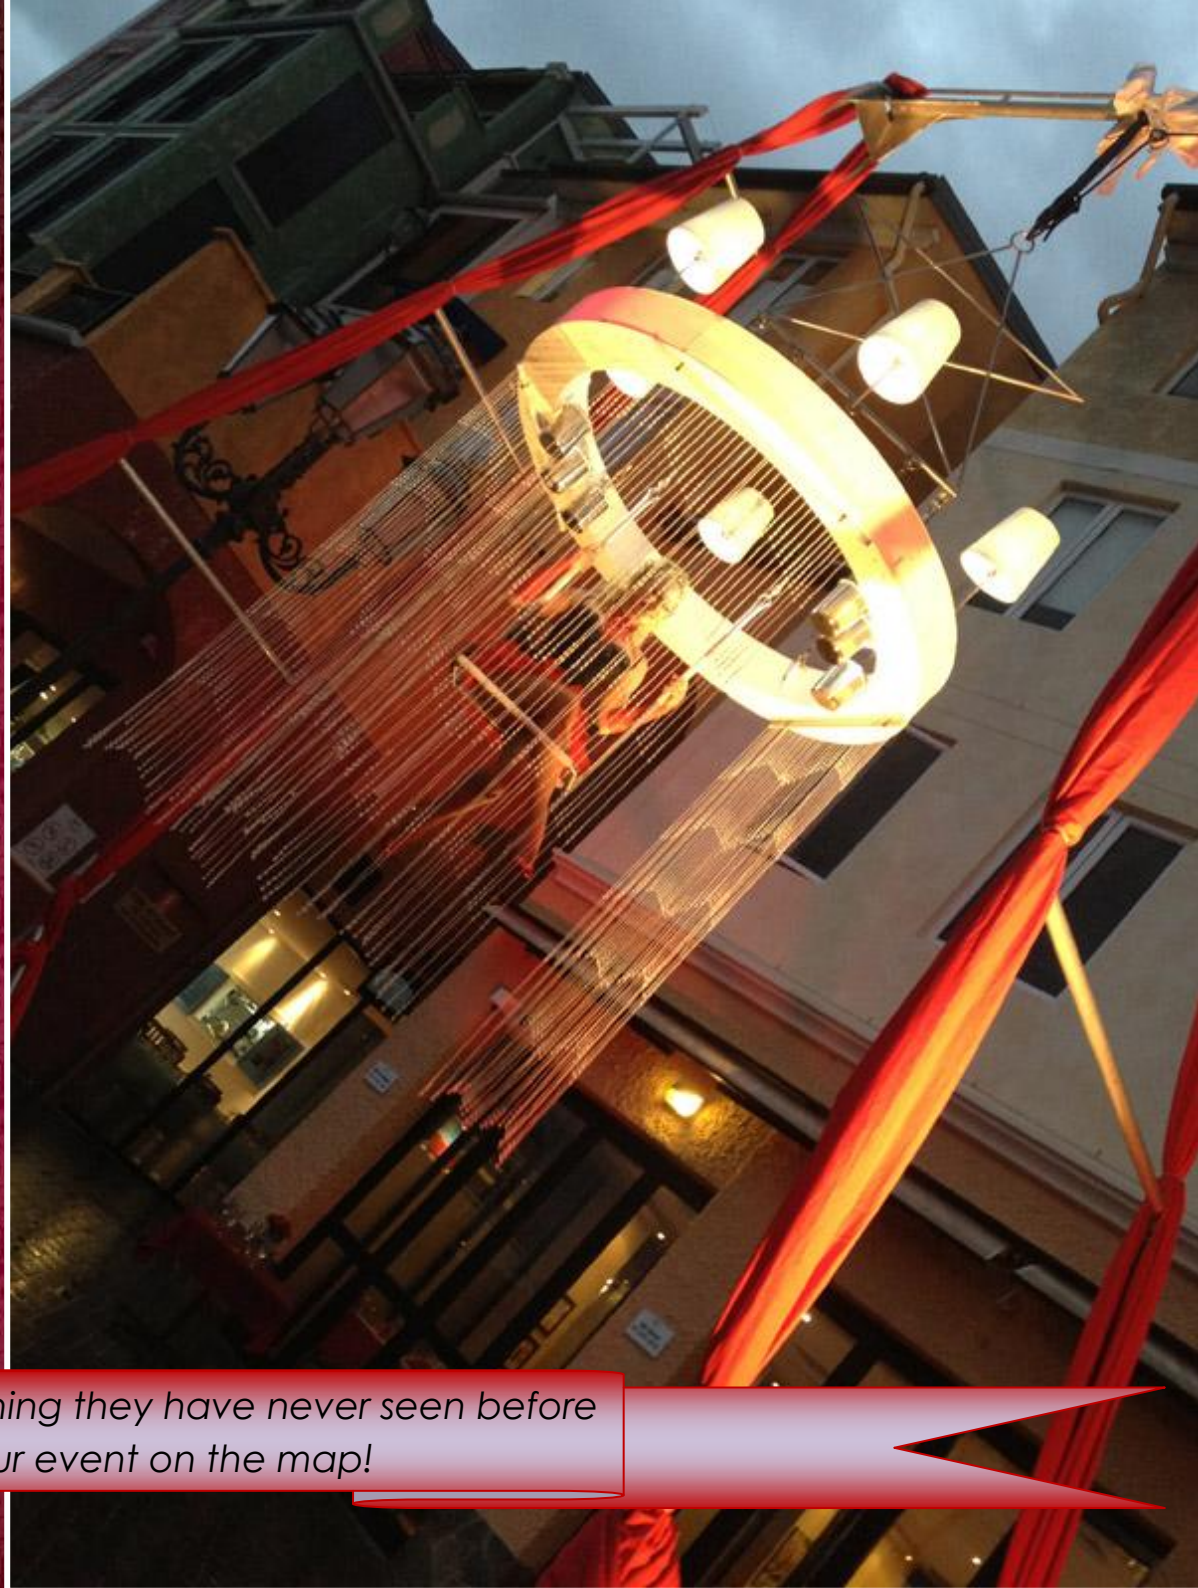

Two hostesses are costumed identically and perform 15 minute sets on the Changers Parlour. While one performer is in the air serving, the other assists by handing champagne bottles and encouraging guests to partake.

The aerialists swap every 15 minutes to ensure continuous service so perform 2 sets each over the 1 hour time call.

All performers have current Responsible Service of Alcohol (RSA) certificates.

Venue / Client must provide all alcohol & glassware preset on a table next to the apparatus.

*Give your guests something they have never seen before
and put your event on the map!*

Rigging...

There are two ways to host the Changers Parlour in your venue:

Option 1: Rigged from a point

This is the quickest & easiest option. We require a rated point which can hold a minimum of 500kg's. Ceiling height must be at least 6.3m. We also require the use of a scissor lift.

Option 2: Free Standing rig

If your venue does not have the points to host the apparatus, we can provide a free-standing rig as pictured. The rig requires a width of 6m and a height of 6m. It takes approximately 1 hour to erect. Rig can be dressed in satin sheaths as pictured to suit your event or company colours.
