

## *Moulin Madness...*

*Moulin Madness is a production inspired by the romance, mystery & thrill of the world's most infamous play house.*

*Beginning with a stunning Aerial Ring routine by our talented Aerial Angel, this production also showcases the amazing skill of our gorgeous contortionist.*

*In dainty stilettos and stunning style, our burlesque contortionist is bending the bounds of possibility at events around Australia. Together with our sublime showgirls & Can Can dancers, she performs a completely choreographed routine combining elegant maneuvers & seemingly impossible twists & bends.*

*Strength, grace, beauty and poise are all embodied in our finale aerial act, Settalite, as they perform in a cradle of fabric, a double tissu.*

*A stunning juxtaposition of classic lines and contemporary form... Precision timing yields perfect synchronicity in this sensuous aerial ballet choreographed to Lady Marmalade.*
