

Orient Express...

As the name suggests, this production will transport patrons on a journey to the exotic Orient.

An exquisite Aerial Ring opening begins this show which moves on to a dazzling Geisha contortionist act. With Kimono style costumes, & our Geisha being carried on a plush silk pillow, this show is a stunning reminder of a time gone by.

For the finale, a unique double Aerial Act... Strangely Sublime.

This beautiful act explores the inter-dependency of man & woman. Incredible poise & strength is matched by a sensual grace that will stir the senses and enthrall the mind.
